

Often times we live imprisoned in the hurts of our past. In this unfreedom, we cannot receive the very gift Jesus came to bring us. "I have come that you may have life, and have it to the full" John 10:10

What is inner healing prayer?

Inner healing prayer is asking God to heal emotional, mental or spiritual brokenness and healing those hurts and painful memories in your life that have interfered or prevented you from living in the full beauty that God created. It is God's love drawing you closer to Him in love, peace, and grace. Inner healing is coming to know God uniquely loves you.

Fr. John Esper and Deborah Tourville – experienced retreat leaders involved in the healing/inner healing ministry for over 12 years. Each brings a unique gift to this ministry through prayer, discernment and preaching.

*During this retreat, spiritual directors will be available for personal one-on-one conversation and individual prayer, and a time set aside for the sacrament of reconciliation.
